

LEGIONS CON

NOV. 5-6, 2022

Notes:

Green boxes represent entry doorways onto the main show floor

There will be 2 ways to get into the main LegionsCon show - via one of the first three doors which will get you access to the entire show, minus the red tables.

Access to the red tables 1-3 (Four Horsemen Studios) and table 4 (LegionsCon figures) will be via a separate line at the final doorway. Signs at the event will direct attendees who wish to start here to this line. This is to control the flow of attendees into the space at what we expect will be high trafficked tables.

There will be plenty of show version figures available - and there is no need to have to get into line for those first! That being said, we have arranged the flow so that after fans who wait in line hit the 4H table, they will be right at the LegionsCon figure table.

See accompanying table list for a breakdown of each table and where each exhibitor is at it so you can decide on your plan of attack!

Doors open each day at 9am.
